

Activity 1: Brainstorming Quantitative and Qualitative Questions

Directions:

Step 1: As a group, brain storm and write one quantitative (closed-ended, with response choices) and one qualitative (open-ended) question around the topic provided at your table. The close ended question would be given to a participant on a survey and the open ended question would be used in an interview.

Step 2: Write your final two questions on the display size paper and be prepared to present to the larger group.

Table Topic:

Quantitative (Close-ended) Question and Responses:

Qualitative (Open-ended) Question:
